

# MC Maggetti CONSTRUCTION INCORPORATED

Maggetti Construction is continuing our focus on "Green" construction and is pleased to announce the formation of a solar division by becoming a SunPower solar dealer. We have partnered with some of the top solar installation experts in Silicon Valley to provide clean solar energy to homes and small businesses in Santa Clara and San Mateo County.

Our Team has designed over 2000 systems and SunPower is the leading solar panel manufacturer in the world, with its headquarters right here in San Jose. SunPower has been innovating solar technology for almost 25 years. Our systems have the best warranty, efficiency, and aesthetics in the industry. Utilizing the Maggetti Construction philosophy, we offer the best workmanship and attention to detail.

We will be able to show you how you can reduce or remove your electric bill, which will give you the security against the ever increasing utility rates. Solar for your home will provide you with an exceptional financial return on investment, exceeding most other investments available today, and its good for the environment.

Please give our team a call and let us visit your home to provide a **FREE** solar site analysis, design, and proposal.
